## C-Tools 2.0 <http://www.cancer.org/ctools>

For almost a century, the American Cancer Society has been an innovator in the fight against cancer. Now we would like to introduce our latest innovation, C-Tools 2.0.

C-Tools 2.0 is a new PDA software program for physicians to help their patients fight cancer. Both a Palm and PocketPC version are available free of charge at our Web site.

Download it today at [www.cancer.org/ctools](http://www.cancer.org/ctools).
