

## **FOR IMMEDIATE RELEASE**

### **Qsource Announces GSA Multiple Award Schedule Contract Listing**

**Memphis, Tenn., June 29, 2026** – Qsource, a nonprofit healthcare quality improvement organization with more than 50 years of experience, announced today that its services are now available through the General Services Administration (GSA) Multiple Award Schedule (MAS). The listing expands access for federal agencies and other eligible public sector buyers seeking healthcare quality improvement, compliance, education, consulting, analytics, and technical assistance services.

Through its GSA MAS contract, Qsource can support government and public sector partners with services that include healthcare quality improvement, provider engagement, technical assistance, education, data analysis, compliance support, performance improvement guidance, and healthcare communications.

“This milestone strengthens Qsource’s ability to support public sector healthcare priorities through a more accessible contracting pathway,” said Mary-Lyn Baldauf, Chief Executive Officer of Qsource. “For more than 50 years, Qsource has worked alongside healthcare providers, government agencies, and community partners to improve care quality and outcomes. Our listing on the GSA Multiple Award Schedule allows us to continue that work with agencies looking for a trusted healthcare quality improvement partner.”

The GSA MAS program provides eligible buyers with a streamlined pathway to identify and engage contractors that meet established federal contracting requirements. For agencies and public sector partners, Qsource’s listing may help reduce procurement barriers while connecting organizations with experienced support for complex healthcare quality, regulatory, operational, and public health needs.

Qsource’s GSA MAS listing may be especially valuable for agencies and partners seeking support in areas such as external quality review, healthcare quality improvement, quality measure improvement, performance improvement, provider and patient education, technical assistance, data and analytics, patient safety, care coordination, Medicaid and Medicare program support, public health initiatives, and stakeholder engagement.

As a nonprofit organization headquartered in Memphis, Tennessee, Qsource combines real-world healthcare expertise with a mission-driven approach to improving systems of care. The organization supports partners across multiple healthcare settings through practical guidance, customized consulting, education, performance improvement

strategies, and tools designed to help organizations meet complex regulatory and operational expectations.

Qsource's GSA MAS Contract Number is [47QRAA26D0030](#).
