

How We Can Help You Succeed in the Quality Payment Program

Qsource can help determine if you qualify for the Merit-based Incentive Payment System (MIPS) or another payment program option to maximize your Medicare reimbursement through ongoing education and support in performance data and trends.

Created by the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), the Quality Payment Program (QPP) is an enhanced approach to paying physicians and clinicians who care for Medicare beneficiaries. Your practice will choose one of two paths: the MIPS or Alternative Payment Model (APM).

We Support Eligible Clinical Practices

- Understand QPP reporting measures and requirements
- Meet performance goals
- Sustain or enhance reimbursement

Our QPP resource center web portal, [Providers.Exchange](#), offers free resources and tools you need to be successful, and will provide technical assistance to inform, implement and measure your practice transformation to patient-focused care.

Qsource and our QIN-QIO atom Alliance provide direct assistance to the following:

- Small practices (15 or fewer clinicians) in Alabama and Tennessee
- Large practices (16 or more clinicians) in Alabama, Indiana, Kentucky, Mississippi and Tennessee
