

Are you one of the newly eligible clinicians in the CMS Quality Payment Program?

Maximize Your Medicare Reimbursement

A Centers for Medicare & Medicaid Services change now means you could earn MIPS (Merit-based Incentive Payment System) performance-based payment adjustments for the services you provide to Medicare patients.

- NEW: Clinical psychologists
- NEW: Physical therapists
- NEW: Occupational therapists
- NEW: Qualified speech-language pathologists
- NEW: Qualified audiologists
- NEW: Registered dietitians and nutrition professionals

Qsource will walk you through the Quality Payment Program (QPP) to determine your eligibility and maximize your Medicare reimbursement.

- Understand QPP reporting measures and requirements
- Meet performance goals
- Sustain or enhance reimbursement
- Receive credit and report on activities that are already in place

Our QPP resource center web portal, Providers.Exchange (<https://providers.exchange>), offers **free** resources and tools. As a CMS-contracted partner, we also provide **no-cost** technical assistance to inform, implement and measure your practice transformation to patient-focused care.

Qsource and our QIN-QIO atom Alliance provide direct assistance in Alabama, Indiana, Kentucky, Mississippi and Tennessee.
